

WASTE MANAGEMENT 2022

We are continually expanding our network of strategic partnerships with suppliers and customers to ensure that we are sourcing responsibly and reducing the environmental impacts of our systems throughout the production process and at the end of their useful life.

To manage waste during production, we collect the aluminum shavings from our manufacturing operations to form condensed pucks of aluminum for more efficient recycling. To reduce the waste from our products at the end of their useful life, Array provides customers with end-of-life recycling guidance in the installation manual.

Waste Type	Treatment Type	Recorded Waste Weight (kg)
Wood	Recycled	133,000
Aluminum	Recycled	1,760,000
Cardboard	Recycled	67,000
Steel	Recycled	307,000
Plastic	Recycled	1,060
Hazardous	Recycled	175

We will have more robust data about the rates of recyclability of our products when they reach the end of their useful life.

This report contains forward-looking statements that are based on our management's beliefs and assumptions and on information currently available to our management. Forward-looking statements involve risks and uncertainties, which may cause results to materially differ from those set forth in the statements. The forward-looking statements may include information concerning our projected future goals, results of operations, business strategies, and industry and regulatory environment. Forward-looking statements include statements that are not historical facts and can be identified by terms such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "plan," "potential," "predict," "project," "seek," "should," "will," "would," or similar expressions and the negatives of those terms. Forward-looking statements should be evaluated together with the risks and uncertainties that affect our business and operations, particularly those described in more detail in the Company's most recent Annual Report on form 10-K and other documents on file with the SEC, each of which can be found on our website www.arraytechinc.com. Except as required by law, we assume no obligation to update these forward-looking statements, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future. Topics that may be deemed material under the SASB Standards and/or the GRI Standards are not necessarily material for purposes of the U.S. federal securities laws or for other purposes. For additional information on the SASB Standards and the GRI Standards, please visit their respective websites. Certain of the data contained in this report is based on assumptions and estimates. Actual results may differ from the data presented.
